DWL-G680 & DWL-G550

DFL-210

Network Security Firewall for SOHO Networks

The DFL-210 network security appliance is an easy-to deploy VPN and firewall solution designed for smaller-scale networks such as a branch or remote office location. For network protection and secure remote access, the DFL-210 provides integrated Network Address Translation (NAT), SPI Firewall, enhanced content filtering features and Virtual Private Network (VPN) support. The DFL-210 includes 4 LAN ports, a WAN and an independent DMZ port to support local servers such as e-mail, Web and FTP. All of these features conveniently fit into a desktop chassis that can be easily integrated into your network.

DFL-800 & DFL-1600

DCS-6620G

Wireless Pan/Tilt/Zoom Internet Surveillance Camera

The DCS-6620G is a CCD based full-featured surveillance system that connects to a wired Ethernet or 802.11g wireless connection to provide remote high-quality video and audio, via the built-in microphone. With 10x digital and optical zoom, 0.05lux lens and pan, tilt and zoom functions, this camera meets the demands of any business. Record streaming video that utilises high quality MPEG-4 compression to your hard drive, enable motion detection and set up automated email alerts for security. With motionJPEG and WPA-Personal wireless security, the DCS-6620G solution is perfect for demanding security and home/office monitoring requirements.
